

Product data sheet

GEZE ActiveStop

integrated

Door damper on both sides for interior wooden swing doors

AREAS OF APPLICATION

- Right and left timber single-action doors indoors
- Room doors with high access convenience
- Single-action doors up to 1100 mm leaf width
- Integrated installation in the door leaf
- Barrier-free access in accordance with DIN 18040-2

**PRODUCT FEATURES**

- Door opening angle with variable adjustment from 80°-140°
- Can be used for right and left hand doors without conversion
- Soft opening and closing of doors up to max. 45 kg leaf weight
- Gentle stopping, quiet closing and comfortable keeping open of doors
- Practically eliminates slamming doors, trapped fingers, and damage to walls and furniture
- Secure holding of the door when open, meaning no door stopper necessary
- Opening and closing damping when installed can be set via a valve
- Integrated safety valve offers overload protection
